

Chrome Roller Conditioner

Conditioner for chrome dampening rollers that restores the hydrophilic properties

Key Characteristics

- Colour: Brown
- Density: 1,12 g/cm³
- Slightly viscous liquid
- Ready for use after shaking well

Features and Benefits

Fast acting

- Prevents ink build up
- Restores hydrophilic properties
- Removes all oxidation and/or chemical pollution from chrome surface

Instructions for use

Remove ink with DAMP ROLLER CLEANER.

Apply with soft damp rag while rubbing chrome surface thoroughly.

No need for rinsing off.

Transport and Storage

Protect against extreme weather conditions.

Do not store at temperature above 35°C or below 5°C.

Protect from frost and direct sunlight.
